Metzner's

Grand Prize Strain

Gladiolus

1928

Metzner Floral Company

Mountain View, California

Our Gladiolus

Every variety listed in this catalogue is an original production, developed here in our nursery at Mountain View, California.

This *Grand Prize* strain is the results of years of careful selection and breeding. For vigor, size of bloom and beautiful colors, we challenge comparison with the best selections of the leading growers of the United States or other countries.

Our color descriptions are brief, and refer mainly to the outstanding color of the flower. We endeavor to use descriptive words in common use, readily understood by the public in general. We do this because color names in some catalogues are useless unless you possess a very expensive color card.

All varieties listed are of the *Standard Type*, large flowers and vigorous spikes. We offer no *Primulinus Hybrids*.

MARIETTA

A delicate shade of light salmon, beautifully blended with light orange, the lower petals shading to a bright burnt orange. A marvelous Gladiolus of extra large size and splendid spike. Always admired, in great demand.

This beauty is rated by the eminent Gladiolus expert Mr. Chas. E. F. Gersdorff, as follows: Exhibition 97 per cent, Commercial 95 per cent out of a possible 100.

We believe his judgment is endorsed by every one who has purchased Marietta. Large bulbs, each 25 cents; dozen \$2.50.

MRS. JOHN S. WOOD

A wonder flower, easily six inches in diameter with spikes six feet tall. The open flowers, six or more at a time, are perfectly placed.

The color is a brilliant coral, the lower petals gradually blending from salmon into a scarlet tone, mingled with sulphur.

This Gladiolus is now grown in many foreign lands and throughout the United States. All who have seen it praise its beauty. The demand is greatly in excess of the supply. A grand exhibition flower. Large bulbs each 50 cents; dozen \$5.00.

ROSE ASH

Our original introduction and named by our Mr. Metzner. A general favorite in the United States and many foreign lands. First listed in our catalogue in 1916, it has by reason of its high standard of quality and beauty of color, caught the public eye, and no collection of Gladiolus, large or small, is complete without it.

ROSE ASH—An exquisite blending of light old rose and ashes of roses, lightened up in the throat with a golden tinge; fine formation, ruffled and fluted petals. Like a magnet, sure to attract; tall sturdy spikes, straight as an arrow. Large bulbs each 10 cents; dozen \$1.00.

STANFORD

This wonderful Gladiolus, a pure dark cardinal splashed with black and covered with a velvety sheen that glistens like the sparkling dew, added to its great size—six inches in diameter, was named, by reason of its admiration by one of the faculty, in honor of California's grand university, Stanford, and its founder Leland Stanford. This university at Palo Alto is in Santa Clara County, close to our location at Mountain View, Santa Clara Co., the birthplace of this grand flower. Bulbs each \$1.00; dozen \$10.00.

WILLIAM G. BADGER

This glorious flower first offered by us in 1923 has met with universal favor wherever shown. The color is a delicate coral, edged with darker coral tones; throat pale yellow, sprinkled dark coral on the lower petals. The flowers, six to eight open at a time, are six inches in diameter, perfect in placement, on spikes five to six feet high.

A beauty in every respect, a sure winner everywhere. Large bulbs each \$1.00; dozen \$10.00.

FALLEN LEAF

Dark old rose, tinted ashes of roses; lower petals, blending of light wood-brown and old rose. Grand color novelty. Fine formation. \$2.00 each.

EXTRACT FROM AN ARTICLE IN "GARDENING ILLUSTRATED"

A Leading English Publication

Dated Dec. 3, 1927, in which the writer reviews his experience and impression of many new and largely advertised gladiolus, some few appealing; others much over rated.

"Metzner's Marietta is a real beauty and should soon become well known in this country.

"It is one of those flowers that you keep on looking at just to satisfy the appetite for loveliness.

The Metzner Floral Company's own description is 'a delicate shade of light salmon blended light orange, the lower petals shading to bright burnt orange.'

"The blooms are large, roundly shaped, and poised well on the straight spike."

Similar testimonials by others in Australia, Canada, and various sections of the United States describe the merit and beauty of Stanford, Mrs. John S. Wood, William G. Badger, Fallen Leaf, Cabernet, Rose Ash, Hazel Shattuck and many others, everyone, an original development in our garden here at Mountain View, Santa Clara Co., California.

We have a score or more in prospect that will rank considerably higher in value when introduced.

"We aim to lead."

Our “Try Out” Offer

Every season we find Gladiolus of promise in our seedling beds. A few of unusual promise are retained for another test. Varieties that seem meritorious, after a subsequent period, find their place in our “Try Out” section. We then endeavor to obtain an unbiased opinion from others who grow gladiolus in other soil and in other climates. We look for written reports; where these are favorable we then name and hold for future increase and listing in our catalogue.

In response to many requests we again offer 30 promising varieties for this test. The supply is limited and not over ten varieties sold to any one purchaser. The price is uniform to all—\$1.00 each. For a nominal sum you may secure a gladiolus that some specialist would name and offer at a fancy figure.

Buyers only are advised of the names when assigned at a future date, meanwhile they are enabled to increase their holdings or submit an offer to purchase the stock we hold. All sold at \$1.00 each, large size bulbs. We expect in return written reports of your test.

Dollar Limit ADVERTISING SETS

Selected seedlings, somewhat similar to varieties already named or types rejected in our Try Out section we set aside for sale, for less than their intrinsic value, in our

Dollar Limit Sets

or	
Two dozen planting size for	1.00

The bulbs are not named as to variety, however, no two alike in any set. A collection of four distinct sets or 48 different colors for \$3.50.

Be sure and indicate *Planting Size* if you desire these in preference to the large sized bulbs.

Some very choice seedlings are to be found in these assortments.

FLOWER CLUBS—ATTENTION!

Regularly organized Flower Clubs sending a list of their members with addresses, certified by the President or Secretary will receive, free of cost, some choice gladiolus bulbs for distribution to their members.

GLADIOLUS IN MIXTURE

Our purpose is to improve the standard of gladiolus by careful selection and cross-breeding producing extra choice flowers for exhibition and commercial use.

A very limited number out of thousands of seedlings meet our test and requirements, the balance find their place in our special mixture. There are but few, if any, duplicates and many choice and rare varieties are to be had at a fraction of their intrinsic value. We have a limited quantity this season.

Price \$5.00 per 100—50 at the hundred rate. Postage paid. Not subject to discount.

Try this mixture. You will be pleased.

SPECIAL DISCOUNTS

On bulb orders ranging in value from \$3.00 to \$10.00 we allow 5% discount. On orders over \$10.00 we allow 10% discount. Discount does not apply, however, to special assortments, mixtures or seeds and plants.

PLANTING SIZES—BULBLETS

In the newer varieties quoted at one dollar each and upwards we will, as far as possible, furnish *Medium* ($\frac{3}{4}$ to 1 inch) size bulbs at $\frac{3}{4}$ the quoted price, *Small* ($\frac{1}{2}$ inch) at one-half the quoted price for large or number one bulbs.

Bulblets of varieties listed at one dollar each and upwards at $\frac{1}{10}$ the quoted price or one dozen bulblets at price quoted for each bulb.

NOTE. We send the American Gladiolus Society cultural instructions with every order.

THE METZNER FLORAL CO. recommends membership in the American Gladiolus Society. Dues, \$2.00 a year. Every member receives a copy of the *Monthly Review* published by the society.

Perennial Seeds and Plants

GERANIUMS

We grow sixty or more different colors, mainly single types. Our strain produces extra large size flowers, long stems and large trusses. Our seed is sure to produce vigorous plants and many beautiful colors.

GAILLARDIAS

We call attention to our seedling variety *Golden West*. A pure bright yellow throughout, both disc and petals. Long wiry stems, flowers over four inches in diameter, good keeping qualities. A superior cut flower.

Our *Grandiflora* strain embraces a broad range of colors on long wiry stems and flowers five inches in diameter. A splendid Florist type.

DELPHINIUMS

We grow in separate beds strains from several leading English and Scotch specialists; also the famous Wrexholm strain.

We have a large collection of the wonderful California strain, *Vanderbilt's Hybrids*, which for color combinations and vigor is unequalled.

During the past year we have made some crosses, selecting as the parent plants the cream of all types in our garden. The seed saved we offer in a very limited quantity as M. F. Co. strain. We anticipate some choice flowers as a result of our efforts.

GERBERAS (Transvaal Daisies)

These grow to perfection in our soil and enjoy the climate of Santa Clara Valley. The flowers, three inches or more in diameter, are produced singly, on pliable stems, from 20 to 30 inches high.

A very limited amount of seed is produced during the season and soon loses vitality. We send out fresh seed only. Seed over a year old is worthless.

After years of patient selection and crossing we have a range of probably fifty or sixty distinctive colors embracing many shades of red, salmon, copper, amber, cerise, rose-pink, lilac and other delicate shades such as buff, maize and coral.

Cut flowers last from ten days to two weeks, and for grace and refinement have no equal.

IRIS, "GLADWIN"

An ornamental and hardy iris. The bluish flowers, on stems 30 or more inches high, are followed by seed pods two to three inches long, filled with bright orange-red berries, almost as large as garden peas.

These remain on the wide opened pods for several months and are valuable for decorative purposes in vases or general display.

We offer strong roots at 50 cents each or \$5.00 per dozen.

Six sold at dozen rate.
